

Note below about the matter. Len Andersen - Life and dealing with post Codiv19! Have the antibodies. Hope all is well. Spent +2 hours calling big law firms in Wilmington DE 18 August. I was seeking a consultation with legal, commercial, patent “business” connection data bases and see if miss represented and/or money due. I offered a 1000. I found them in a low or shut down of business. Got call returned including 20 minute talking to a lawyer saying no objection to recording and distributing. Today second concern says let’s talk tomorrow at 2 with conference call. Followed up and not getting through. I am offering \$50 for a lead to for a “legal service” and/or to

A) Run on my name , doing business as and see if any connection to public record mentioned i.e. mention in civil notice / civil complaint / corporate civil filing etc.. Heard a lot of such outside of USA. Was in 40 countries on business etc.

B) Run on unclaimed wealth. I have heard of such services and 20 years ago got mail from such saying 1000 dollars to run on the matter personal or business. Address on one or more such concern is sought. My electrical gen / propulsion patents are noted as big money. Last patent is in process with the patent office. Paid \$800 for post-election patent examiner action. Look forward to hearing from you. Look forward to hearing from you.
